PCA has joined with Marshall Shore to provide a unique experience at PMMP. This inaugural event will focus on honoring our ancestors by allowing you to explore Phoenix history and perhaps your own.

Re-enactors will be graveside telling the story of some of those buried in our cemetery. There will be an altar table where you are invited to remember an ancestor or loved one by placing items such as flowers, herbs, leaves or other items for sale at the event. Tarot card readers and other surprises will help explore the history of your ancestors.

*No costumes or face painting please in respect of  
the cemetery*
